

## CareStream™ Cs3700

### Connect Your CareStream™ to DDL's Workflow

Save time and money when you send scans directly from your CareStream™ digital impression scanner.  
**In addition to all-ceramic restorations, DDL accepts digital impressions for PFM and full-cast restorations.**

- Create or Login to your CS Connect portal
- Select 'Partners' and then choose 'Add New Partner' option at the bottom
- Search for "Diverse Dental Lab" and continue
- Diverse Dental Lab receives an email to authorize your connection to our workflow before you can transfer files.
- Once the connection is authorized upload your files and start your case.

If you have any questions, contact DDL at 1.844.463.4837 and ask for digital impression technical support.

### Looking for More Information?
