

Medit

Connect Your Medit to DDL's Workflow

Save time and money when you send scans directly from your Medit digital impression scanner.

In addition to all-ceramic restorations, DDL accepts digital impressions for PFM and full-cast restorations.

Option 1: Visit <https://www.meditlink.com/register> and select "don't have an account? Sign up." Select the "Administrator" option under the category that best fits your business. Provide your information and check your email for a verification link. This email will also contain instruction to download the software. Select "Add New Partner" and search for Diverse Dental Lab to start sending cases to our lab.

Option 2: Export .STL, .PLY, or .OBJ files from scanner.
Mail the files to Diverse Dental Lab at info@diversedentallab.com

If you have any questions, contact DDL at 1.844.463.4837 and ask for digital impression technical support.
